THANK YOU FOR CHOOSING WHITEWATER EXCITEMENT for your river adventure on the Merced River. This 18 mile, naturally flowing river has 24 major, class IV-IV+ rapids, like "Nightmare Island", "Grand Slam" and the giant "Ned's Gulch", that will test the paddling skills of any hardy-adventurous rafter. Springtime is the best time to experience it, when the water is really roaring. The rapids are challenging and virtually non-stop, requiring rafting crews that are either experienced or adventurous first timers; all of whom need to be in excellent physical condition and have good swimming ability. Enjoy this exciting class IV-IV+ whitewater, while being surrounded by the beautiful scenery, filled with pine trees and wild flower hillsides just outside Yosemite National Park. The water is always cold, since it was snow a couple days ago, so wetsuits are required, which we provide free of charge.

Example Itinerary

Meet at Whitewater Excitement meeting place at 8:30 am. After everyone has checked in with the staff, we will fit and put on our wet suits, then begin the trip with a 20 minute shuttle ride to where we put in. Once we have arrived at the put-in our staff will fit you with lifejacket (maximum chest size 56 inches), helmet, paddle, safety talk and paddling instructions. Bathrooms are available at the put-in before getting on the river.

Water level permitting we will begin our adventure at Red Bud, where the first 3 miles are very fast paced, with rapids in quick succession and maybe continuous if during high water. This very technical section requires rafters to learn paddling skills quickly since we are hitting some of the biggest rapids right off the get go; like "Stark Reality", "Nightmare Island", and "Roadside Falls".

The Merced is a very continuously moving river with minimum calm pools and runs right along Highway 140 for most of its 18 miles.

The rapids in the middle stretch of the river, which include "Grand Slam", "Ned's Gulch", "Junk Yard" are usually more roller coaster style with big wave train action. We get a chance to catch our breath in some calmer water before stopping for a delicious deli lunch. After you have enjoyed your lunch, we get back on the river for another 6 miles down through some of the rivers best rapids like "Valley of the White Tongue", "Monster Mash", "Split Rock" and "Corner Pocket", then a casual float to the take out. The WWE vans will be waiting to take you back to your vehicle with a cold drink and snack. We usually have you back to your vehicle by 3:00 pm depending on water level.

Rafting the Merced River does require that you are in good physical condition, have good swimming ability and are on the adventurous side.

What to Wear/Bring

River clothing is very casual and you should expect to get wet!

- Bathing suit/trunks, light-weight, quick drying top (rash guard works well), light weight windbreaker for cool mornings, sweatshirt for cool evenings
- River sandals (strap on the back) or old tennis shoes work great **(NO FLIP FLOPS OR BARE FEET ALLOWED)**
- Wet suit socks or booties
- Hat (optional under helmet)
- Sunglasses (suggest retaining device so they don't end up in the river)
- Waterproof sunscreen and lip protection
- Bottle of water (drinks provided at lunch and end of the trip)
- Inexpensive waterproof camera (professional pictures are taken at one of the rapids)
- Dry clothes for trip home (to be left in your car).

Please do not bring pets, fireworks, high-pressure water guns or firearms. Due to the great risk of injury, we do not allow high-pressure water guns on our trips. We suggest you leave your valuables at home. We will keep your car keys in a locked location while you are rafting.

Wet suits are required due to the temperature of the water. **These are provided to you free of charge from Whitewater Excitement.** Our wetsuits fit those up to 6'4" and/or 260 pounds. Other recommendations in times of cool weather: neoprene/wetsuit booties, wool socks, beanie, wool/polypro long sleeve shirt, rain/windbreaker and gloves. We do not recommend wearing cotton in cool weather as it stays wet and can keep you chilled.
