THANK YOU FOR CHOOSING WHITEWATER EXCITEMENT for your river adventure on the Gorge Run on the South Fork of the American River. This 14 mile, hydro-electric dam controlled stretch of the river has 17 major, fun, exciting class II-III rapids that will test your paddling skills. Our launching point is the historical site of Coloma, the most famous of gold mining spots, where gold was discovered in California in 1848. This trip starts out slowly, allowing plenty of time to sharpen your paddling skills and do a little swimming, before entering into the Gorge where we get into all the exciting, class III whitewater action.

Meeting Time and Place

The Gorge Run Trip meets at 10:30 am at the WWE camp store. Please be on time as we only wait a short time for late arrivals. (If you are camping the night before your trip, arrival time for camping is 5:30 pm or after). Please check in with our staff and they will be happy to answer any questions.

Example Itinerary

Meet at Whitewater Excitement camp store 10:30 am. After everyone has arrived, we begin the trip with a short shuttle ride to the 49 bridge where we put-in. Our staff will fit you with lifejacket (maximum chest size 56 inches), helmet, paddle, safety talk and paddling instructions. Bathrooms are available at the WWE camp and the put-in before we get on the river. Please leave all valuables in your car and we will keep your keys in a locked location at the WWE camp.

After our river safety talk and orientation, we split up into groups, assign the guides and begin our rafting adventure on the South Fork American River. The Gorge Run begins with some bouncy whitewater, where you can practice your paddling skills and do a little swimming before coming upon our first big rapid "Barking Dog", a fun way to cool off in the hot summer.

We take a break for lunch at our beautiful camp area on the river, where your guides will prepare a delicious buffet lunch for you to enjoy. Bathrooms are available for you during the break. We stop for about 45 minutes and then it's back into the rafts for the exciting part of the day: THE GORGE!

Once back in the rafts, before entering the Gorge, there is more opportunity for swimming, through "Swimmers Rapid" a fun, small wave train that leads to a huge pond to recover in. Beautiful scenery abounds all around.

The river builds slowly, then once you see the Lollipop Tree, we enter the "Gorge", where the canyon walls narrow the flow of the river creating non-stop, action-packed rapids for 6 miles, like "Satan's Cesspool" and "Hospital Bar". Don't forget to look up and smile for the professional photographers at these two rapids! There are breaks in between the big rapids for us to relax and catch our breath before plunging into the next one.

At the end of the day, as we arrive at the Salomon Falls Bridge, where we take-out, our busses will be waiting for you with cold drinks and snacks for the 30 minute shuttle ride back to the WWE camp and your car, arriving around 4:00-4:30 pm.

What to Wear/Bring

River clothing is very casual and you should expect to get wet!

- Bathing suit/trunks, light-weight, quick drying top (rash guard works well), light weight windbreaker for cool mornings, sweatshirt for cool evenings
- River sandals (strap on the back) or old tennis shoes work great **(NO FLIP FLOPS OR BARE FEET ALLOWED)**
- Hat (optional under helmet)
- Sunglasses (suggest retaining device so they don't end up in the river)
- Waterproof sunscreen and lip protection
- Bottle of water (drinks provided at lunch and end of the trip)
- Inexpensive waterproof camera (professional pictures are taken at least one of the rapids)
- Dry clothes for trip home (to be left in your car).

Prior to Memorial Day weekend, in times of high water, and unseasonably cold weather, wet suits are required. **These are provided to you free of charge from Whitewater Excitement.** Our wetsuits fit those up to 6'4" and/or 260 pounds. Other recommendations in times of cool weather: neoprene/wetsuit booties, wool socks, beanie, wool/polypro long sleeve shirt, rain/windbreaker and gloves. We do not recommend wearing cotton in cool weather as it stays wet and can keep you chilled.
